Soviet satellite Sputnik IV fell out of orbit in 1962 and while most of it burned up on re-entry, a 20-pound piece of debris crashed to the ground in Manitowoc. The original piece of Sputnik was returned to the Soviets but the Rahr-West Art Museum has a replica of it on display and Manitowoc celebrates Sputnikfest each September.

Wisconsin's state symbol, the badger, doesn't refer to the animal but instead to the 1820s lead miners who traveled for work and dug tunnels to sleep in and keep warm, much like a badger.

The average American woman owns 7 pairs of jeans and only wears 4.

# Make the forest part of your story.

Remember the last time your family visited the forest? It's a place of wonder and imagination for the whole family—where stories come to life. And it's closer than you think. Sounds like it's time to plan your next visit. Make the forest part of your story today at a local park near you or find one at [DiscoverTheForest.org](http://DiscoverTheForest.org).

I think it's just vapor. It won't hurt my kid like cigarettes, right?

The vapor that's inhaled from e-cigarettes contains harmful chemicals that can cause irreversible lung damage.

And e-cigarettes have nicotine, a toxin that's addictive and can change your kid's brain. Those are the facts.

Talk to your kid about vaping. Get the facts at
